

# Hecate of the Crossroads

Hail **Hecate**, Queen of the Crossroads,  
Mistress of the liminal spaces untold.  
With torches ablaze, your presence we invoke,  
Guiding souls on paths both earthly and ethereal, bespoke.

Oh, **Hecate** of the Crossroads, we sing to thee,  
Goddess of transitions, we bow on bended knee.  
Keeper of choices, guardian of fates,  
We honor your power at these hallowed gates.

At the meeting of ways, your wisdom is found,  
Grant us clarity in decisions profound.  
Goddess of choices, grant us discerning sight,  
As we navigate life's labyrinthine flight.

Oh, **Hecate** of the Crossroads, we sing to thee,  
Goddess of transitions, we bow on bended knee.  
Keeper of choices, guardian of fates,  
We honor your power at these hallowed gates.

In darkness and shadow, your strength prevails,  
Protectress of wanderers on desolate trails.  
With hounds by your side, fierce and ever true,  
We find solace in your presence, oh Hecate, we do.

Oh, **Hecate** of the Crossroads, we sing to thee,  
Goddess of transitions, we bow on bended knee.

Keeper of choices, guardian of fates,  
We honor your power at these hallowed gates.
